Sir,

In returning the accompa-
=niments to your Memorandum of
the 29th May 1876 I have the
honor to offer the following opi-
=nion on the liability or otherwis
of the Ryots of Chickerugodu
of the Mudageri Taluk to pay
local cess on a Sum of Rupees
(0-13-9) which they have hitherto
paid as water cess for water re-
=ceived from Gorebedmur Taluk

R. 511-5-6.

of the Kolar District.—

2. The above sum of Rupees 0-13-9. is credited in the accounts of Doddaungodee of the Goribidanoor Taluk and it appears to me to be perfectly plain that so long as this is the case local cess must also be paid into the same village.—

3. The above difficulty, if it can be so called, disappears with the Survey settlement as a permanent wet assessment has been placed upon the lands which paid the Nirsarithi now in question and which will cease to be credited to the Kolar District.—

27th July 1876.

Letter No. 830. dated 22d June 1876 from the Offg. Survey and Settlement Commissioner.

Docket No. 69 dated 6th July 1876 from the Commissioner Nandydroog Division.

Order thereon:-

With his Docket No. 111. dated 1st October 1875, the Commissioner of the Nandydroog Division submitted for sanction a Statement showing the amounts for which remissions were recommended on account of arrears of Revenue for 1874-75 in the Kolar District.

2. The second item in this Statement is a sum of Rupees 0-13-9 being the amount charged in the accounts of the Joribidnur Taluk of the Kolar District on account of local cess on the amount

Nirsardi (water cess)
e in respect of certain
uds in the Chikkurasodu
illage Maddapiri Taluk
f the Tumkur District irri=
gated by means of water
supplied from the Dodkura=
=godu Village, Goribidnur
Taluk of the Kolar District.

3. The Deputy Commissioner demurs
of the Tumkur District ~~to~~
~~issue to pay~~ the cess claimed
on the ground that it was
not customary ~~to do~~, and
that no such cess is ~~levied~~ demanded
~~from the ryots~~ on the amount of
Nirsardi ~~payable~~ assessed one by either
the Kolar District, or the
Huliedurga Taluk of Her
Majesty's Territories, for water
supplied from the Tumkur
District.

4. The Commissioner of the
Mandydroog Division and
the Offg Survey and Settle=
=ment Commissioner are of
opinion that the cess in question
ought

ought to be paid by the Tumkur District to the Kolar District.

4 Sir Richard Meade in his Proceedings No. 5188/148 of 13th December 1873 ruled that no local cess can be levied by the Mysore Government on certain lands belonging to it situated within the Magutty Tenure Madras Village. In another case which was reported by the Deputy Commissioner of the Shimoga District in his letter No. 865, dated 13th February 1874, and printed in Chief Commissioner's Proceedings No. 3128/253 of 25th June 1874, the Bombay Government was permitted to collect the cess due on certain lands belonging to the Mysore Territory but situated within the Dharwar Collectorate.

This land, which is situated in Hindupur Taluq, Bellary District, was, in former times, made over to Government in lieu of the land taken up for the construction of a fort & two tanks belonging to Roda Nanda village of the said Hindupur Taluq. Please see Bellary Proceedings No. 610 of 1875.

5 On the principle enforced in these two cases, it appears to Mr Saunders that the local cess levied on land must

must be credited to and used for the benefit of the District in which they are situated, and that the claim now preferred on behalf of the Kolar District is inadmissible.

2. ~~The Chief Commissioner therefore directs that~~ the amounts charged for the Vacancy years 1874-75 and 1875-76, be written off as irrecoverable in the accounts of the Gowribidnur Taluk.

Sir,

I have the honor to forward herewith copy of a letter from the Deputy Commissioner of the Kolar District submitting for orders a question in reference to levying the Mercantile amount due to the Gooldicoo Tabak by the Ryots of Varagodi Village in the Muddagiri Taluk as this is a new point raised on the subject referred to in Proceedings No. 479/78

The Commissioner
Mundydroog Division

Sir.

I have the honor to bring to your notice that certain lands of the Kuragadoo village in the Mudgeri Taluk of the Gooty District are irrigated by a Tank of the above Kuragadoo Village in the Gorlidinnee Taluk of this District and a sum of Rs: 27-6-0 was hitherto annually paid as nuzzardi by the Mudgeri Taluk & credited to the Jamabundi of the Gorlidinnee Taluk.

2. Under this practice the Amildar of Gorlidinnee wrote to the Muddageri Taluk for the usual water cess due for 1876/77. that the latter Amildar informed him that he was unable to remit the Money as the consolidated assessment, inclusive of the water rate, fixed upon the land under the Survey settlement was credited to the revenue of the Kuragada Village in his (Mudderi) Taluk.

Office

The above new arrangements is no doubt good as far as Government interests go, though it can only be carried out where the Villages Concerned are all Government ones belonging to the same Territories and where the servants of these Villages are the same persons. But it is difficult to apply the principal where one of the Villages Concerned happens to be either an Inam Village, or to belong to a different Territory or where the Village servants are different individuals, because we have to levy or pay water cess if we give to, or use the water of an Inam Village, or a Village of a different Territory and because, where the Village servants are different persons, those belonging to the Village the water of whose Tank is used will lose their Mirasi if the Consolidated assessment is credited to the Village to which the land belongs —

4. I pointed out this difficulty to the Superintendent of of Revenue Survey but as it has not been solved by him, I beg to submit the matter for orders.

Order thereon — The Commr is requested to report whether the difficulty referred to by the Dy Commr has arisen in the particular case of the Kuragodu and Chick-Kuragodu tanks both of which belong to Govt villages. If the village servants are not the same in both the villages, the Neergunti is the only one of this class who can lay a claim to be remunerated by Meeras

meerass or its equivalent. The Dy. Commr. should be able to decide, subject to final sanction, what the extent of that remuneration should be. If the water of the Chick-Kurragodu tank is wholly supplied to the lands of the Kuragodu tank the village service should be performed by the mergaute of that village.

Sir,

With reference to the Chief Commissioner's Proceedings No. 7605-1169 dated 21st October, Copy of which was received with your Memo. No. 589 dated 5th November last, regarding the Reer- for the Amount which the Dodda Kurugodu Village of the Huddagire Talook in the Tumkur District was paying to the Chika Kurugodu Village of the Goribidnur Talook of this District, I have the honor to state that from the further enquiry made into the matter it now appears that it was not the water of Chika Kurugodu Tank which was used for the irrigation of certain lands of Dodda Kurugodu but the water of Pennar River conducted through a Channel excavated in the lands of the Chika Kurugodu Village. As Compensation for this Dodda Kurugodu Village used to give for some time 7 Pagodas in Cash and 3 Kandus of grain, and latterly Rs. 27-6 a. and this arrangement was continued till the Survey and Settlement of the Huddagire Talook took place when it was ordered that no deduction should be made any- longer from the Revenue of Dodda Kurugodu

for

for Payment to Chikkanayakanahalli. So far as the Government interests are concerned, there is no objection to this arrangement. It is the claim of the Patel and Shanbogue of Chikkanayakanahalli which has to be settled now. These officials allege that they were getting some Dasara in grain from the villagers of Doddanayakanahalli in connection with the Channel water, whereas the fact is denied by the people of Doddanayakanahalli and no satisfactory evidence has been adduced by the officials of Chikkanayakanahalli in support of their allegation. I have dismissed the claim.
